

1996 CRESTLINER

THE LEADER BY INNOVATION

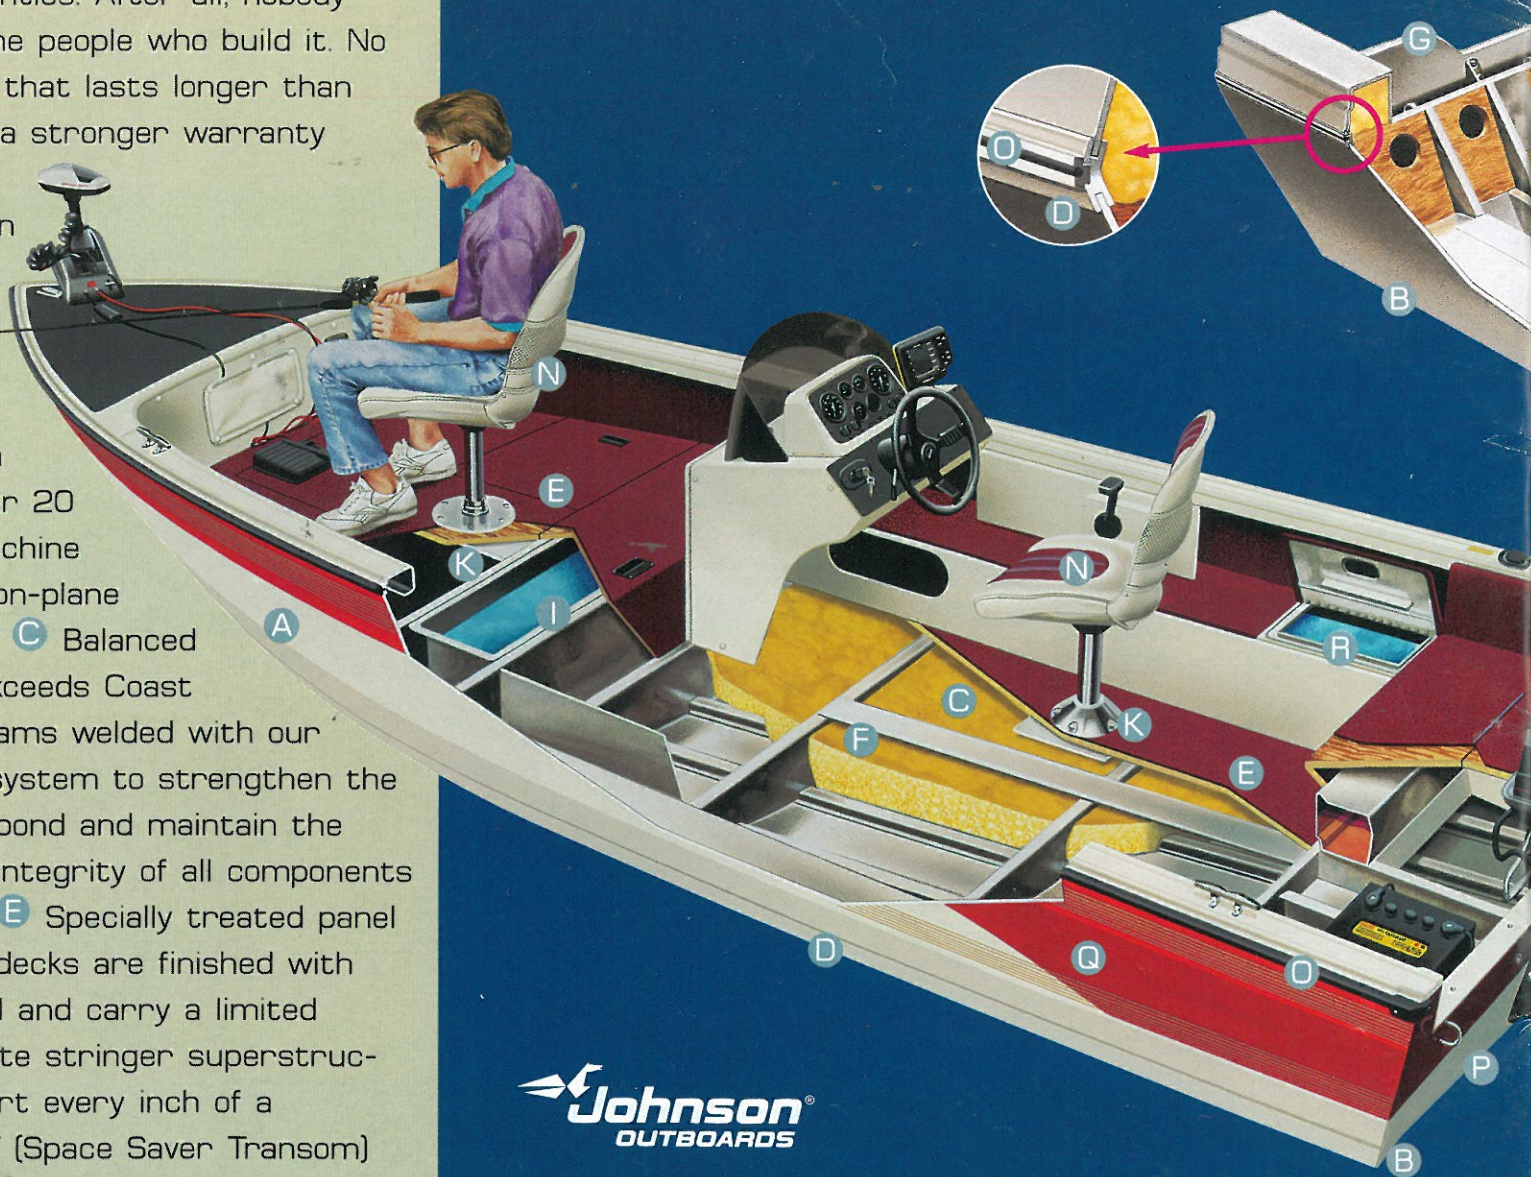

1996 CRESTLINER

If you want to know which boat is the best on the market, just compare warranties. After all, nobody knows a boat better than the people who build it. No one will give you a warranty that lasts longer than their boat. And no boat has a stronger warranty than Crestliner. So compare performance, style, innovation and then compare the fine print. You won't be satisfied owning anything less than a Crestliner.

- A Rivet-free Tru-V hull with UniWeld construction and our 20 year warranty*
- B Reverse-chine construction gets the boat on-plane faster, delivers a dryer ride
- C Balanced closed-cell foam meets or exceeds Coast Guard regulations
- D All seams welded with our exclusive tongue-in-channel system to strengthen the bond and maintain the integrity of all components
- E Specially treated panel decks are finished with marine-grade carpet or vinyl and carry a limited lifetime warranty
- F Intricate stringer superstructures strengthen and support every inch of a Crestliner
- G Patented SST (Space Saver Transom)

20-YEAR*

*Against failure of external hull welds

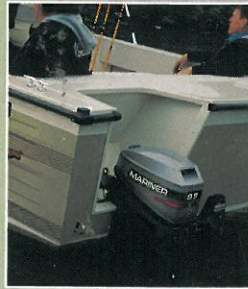

There's no experience quite like taking on big water with an Eagle. The Tru-V 17° V hull slices through the roughest seas while

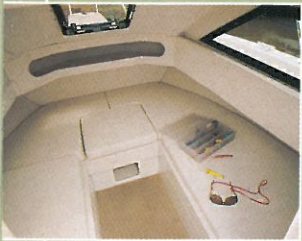

you cruise or fish in comfort and style. SST models feature aft hideaway table and seats that pop up or down in seconds.

I/O models carry our patented Pocket for total control of a kicker motor right from the helm. The walk-around deck means easy bow access for outrigger fishing, docking or loading. The cabins

are built for comfort with padded cushions, screened hatch and storage galore. Choose the hardtop option and get a built-in

electronics compartment, rocket launchers and cockpit spot lights. The dual fishwells, large capacity fuel tanks and Crestliner's Uni-Weld hull design with the 20 year warranty[†] make Eagles unquestionably the finest big water boats you can own.

HOW YOUR FAMILY EXPANDS

PHANTOM SST

1860/1960/2160

Somewhere along the line, some people get the idea that they have to work up to a Crestliner. Wrong. The Phantom SST is the one boat that combines the quiet, sleek lines and style of a fiberglass boat with the strength of aluminum and the innovation of Crestliner. Our exclusive SST (Space Saver

Transom) gives you more than a foot of extra room aft for all day comfort. The fold-up stern seat is standard. So is our patented conversion bow, still the fastest way on water to turn a sporty runabout into a fishing machine complete with ICU (Intensive Care Unit) fishwell, trolling motor panel, tackle trays and locking rod storage. The suntop is also standard, as are lots of dry storage, stereo, tilt steering, 3-position sun lounge, under console storage and great looking graphics. Everything you need to relax, and cruise in stylish comfort.

Any family activity is just naturally more fun when you do it aboard a boat with the quality and reliability of a Crestliner Sportfish I/O. This is the craft preferred hands-down by families who buy aluminum fish & ski boats. And for good reasons.

Our Bow Conversion changes from open seating to fishing platform in a flash. Our unique Dock-Gard gunnel bumper protects your boat against damage from other boats, docks and rough water. And the Sportfish has the hottest graphics package on the market, stainless rails, an

ICU livewell system that mixes air as it draws in water; bow trolling motor panel,

lockable rod storage, high-tech dash, optional suntop and full canvas cover, AM/FM cassette, ski and under console storage and our 20 year warranty[†]. So take your family to pick up a Sportfish. You'll find it adds an extra dimension of quality, value and style to the time your family spends cruising, skiing or fishing.

YOU'LL FIND A NEW MEANING TO QUALITY

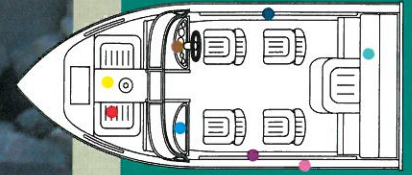

TIME ABOARD AMERICA'S MOST POPULAR FISH & SKI BOAT.

If you like having extra space to move around, stretch out or just wet a line, you'll find it in the Sportfish 1950 O/B. This big boat gives you more room for fishing, more

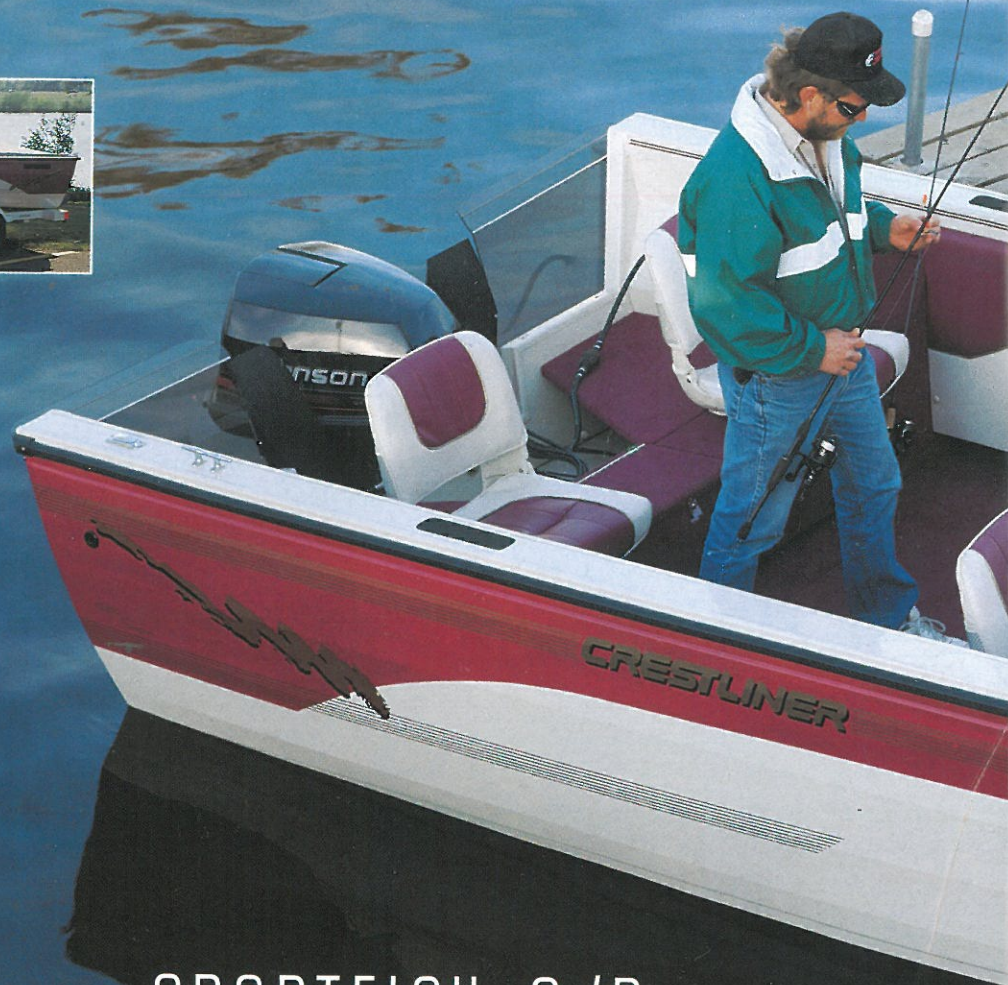

room for fun and it doesn't sacrifice style. Stroll through the 1950's walk-through windshield to our standard Bow Conversion

feature that changes from open seating to casting platform in just seconds. Notice the features like ICU livewell, trolling motor panel, sleek dash designs with AM/FM cassette, rear casting deck with aerated baitwell, locking rod storage and the safety and comfort of Crestliner's deep cockpit. Our optional suntop and travel cover keep you and your rig protected. The Sportfish comes with our 20 year warranty, the industry's leader. And it's built and priced for families who know that there will never be a better time to start making fun and memories together on the water.

THE FASTEST WAY TO CONVERT A FAMILY

SPORTFISH O/B

1650/1750

Families that can't decide whether they'd rather fish or ski take one look at a Sportfish O/B and know there's no better way to do both. These boats have everything you need for fun-packed days of family fishing and skiing, relaxed evenings of cruising and good times whenever you're on the water. The Sportfish is available with an optional electronics package. And we've packed these Sportfish models with standard features like our patented Conversion Bow, aerated ICU livewell, AM/FM cassette, trolling motor panel, built-in fuel tank and extra cockpit space. Our stern casting platform gives you extra room for tossing a lure and an aerated rear baitwell. You'll appreciate the added storage room

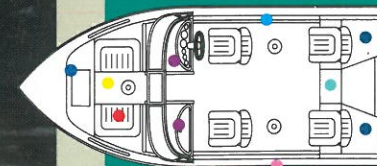

including locking rod locker and space under both sides of the console for stowing PFD's or other gear. Expand your family's options for fun with a Sportfish O/B.

Most of the time being somewhere isn't half as much fun as getting there. Wherever you go, you're guaranteed to have a blast when you cruise out on an LSi pontoon. The LSi is comfortable, plush and loaded with Crestliner innovations. The Roto-Cast furniture is virtually indestructible. There's a convenient drop-down privacy room that's available with a

Porta-Potti. Up front, you'll find inviting, bow seating that just begs you to relax. Or, add an optional fold down sleeper sofa then stretch out and grab some sun or a nap. The rugged Roto-Cast helm has a cooler, sink and plenty of gear

storage. The LSi has a bimini top, full 8 1/2' beam, custom dash, courtesy lights, Dock-Gard gunnel bumpers, AM/FM cassette and under-deck splash guards to provide a ride that's smoother, and quieter than any other pontoon on the market. So come aboard and cruise anywhere in style.

PONTOON CFI

2085

If you like your fishing family style with plenty of room to roam, the CFI pontoon is custom made for you. The 8 1/2 foot beam is standard and gives everyone plenty of room to move around or cast. Just pick a rod from the built-in rod holder, stroll over

to one of four well placed fishing seats and you're ready to fish. Other features include a built-in 17

gallon fuel tank, virtually indestructible Roto-Cast furniture, ICU livewell and bimini top. The galley is complete with sink, faucet and special place to slip in a cooler or store more gear. The Roto-Cast console design incorporates extra storage and instruments. A drop-down privacy room is available with an optional Porta-Potti, but despite all these exciting features and innovations, you may be most impressed by

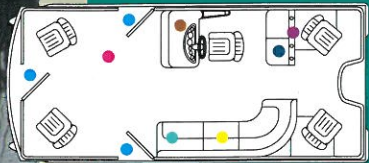

what's behind the CFI, our 20 year warranty! with limited lifetime warranty on the deck, still the industry's leading protection plan.

COMPACT, STYLISH, THE PERFECT

Our Sports are compact in size and price but leave nothing to be desired in performance, comfort or features. The basic Sport is rigged with driver's seat, rugged Roto-Cast helm and custom dash. Then, choose our fishing package with fishing chairs up front or our cruising package with plush bow seating. Either way you get comfortable "L" stern seating (photo A) and the option of adding a corner wrap seat (photo B) for even more room to relax. The rugged Roto-Cast furniture stands up to active families. The bimini top, rear-entry gate and graphics are standard. So are the smooth-running Hydro Tech transom and Dock-Gard gunnel bumper that protects your Sport from docks and boats. The 23" tubes have full length keels. So, come see why families say, inch for inch the Sport delivers more value than any pontoon on the water.

IT REALLY DOESN'T PAY TO FISH ANYTHING

A pro angler's favorite rig isn't necessarily the one he's paid to fish in. It's the one that delivers more features, better performance and the style that makes

you look like a pro even when nothing's biting. The Pro Am 1850 delivers on all counts. That's why it's preferred by more and more

tournament pros. Everything about the Pro Am has been engineered for the serious angler. The storage fore and aft is roomy, dry and easily accessible. The aerated baitwell and dual competition-sized ICU livewells are standard. So are the bow electronics panel, rear fishing platform, rod box, smooth

running, Tru-V 17° hull and our rivet-free Uni-Weld hull design with 20 year warranty!. So it's really no contest when it comes to the rig preferred by serious, successful anglers. Available models include tiller, console and Dakota Sport with dual console and walk-through windshield.

†Against failure of external hull welds

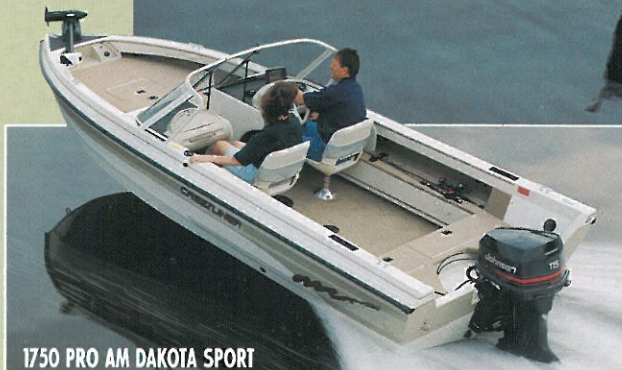

More compact than our 1850 model, the Pro Am 1650 and 1750 are plenty long on serious fishing features. They have our innovative ICU livewell and storage practically everywhere you look. There's an all-new electronics compartment on tiller models, storage up front, custom bow trolling motor panel, locking flat-topped rod storage with standard rod savers and lots of extra dry storage. The rugged fishing seats make it a snap to replace the padding without removing the seat. All these features are built on our Tru-V 17° V hull that runs dry, smooth and easily handles the choppiest walleye waters. The Pro Am 1650 & 1750 come in tiller and console styles. The 1750 console model is also available in the Dakota Sport package. All are pre-wired for trolling motors and rigged for serious fishing fun.

Value is just one of the innovations you'll find on the affordable Fish Hawk 1750. All models feature the smooth-riding Tru-V UniWeld hull design with our 20 year warranty¹, bow trolling motor panels, optional electronics package, ICU livewell, baitwell, plush carpet, form-fitting seats and easy-access lockable rod storage. There's also plenty of storage

from bow to stern. These beamy Fish Hawks are built with the extra floor space and stability you need to

feel comfortable and confident moving around and fishing in any conditions. A Fish Hawk is designed to respond and perform even with smaller engines. Their lighter weight makes them the ideal rig for getting into those remote, fish-laden lakes with less than ideal landings. The Fish Hawk 1750 is available in tiller and console models.

1750 FISH HAWK SC

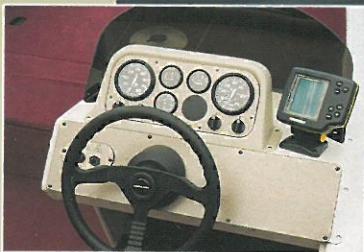

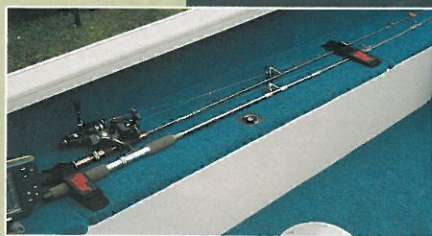

†Against failure of external hull welds

Here's a basic boat that's every bit as uncommon as common sense. Matter of fact, no boat in its class makes more sense.

The Fish Hawk 1650 is built on our Tru-V UniWeld hull. It's comes in tiller and console models and carries our 20 year warranty¹, still the industry's best. Fish Hawks are packed with other uncommon features including bow trolling motor panel, four large bow storage compartments,

navigation lights, stern battery storage, rod savers, bilge pump and great graphics. The Fish Hawk's 96 quart ICU livewell aerates incoming water to keep fish alive longer. Comfortable seats make it a snap to remove padding without taking out the seats. The dash on the 1650 console model includes windscreen. One look at a Fish Hawks and your definition of a basic boat will never be quite the same.

OUTBOARDS

†Against failure of external hull welds

The 16 Fish Hawk simply packs in more features and value than any competitive boat in its category. Period. Start with the

rugged, all welded Crestliner quality hull that gives this boat an extra measure of stability and dependability. There's a factory electronics package available complete with custom dash pod. Try finding that on any so called competitive boat. Rod locker, carpeted floor and

exclusive ICU livewell are standard features, too. And this rig also has an unbelievable amount of space to stow gear, including plenty of roomy bow storage. Take a boat with the quality and features of the 16 Fish Hawk, wrap it all up with our industry-leading 20 year warranty¹ and you've got the kind of innovative, value-packed, hot fishing package that could only be available from Crestliner.

†Against failure of external hull welds

Get real Crestliner innovations and value in sharp little rigs that are tough and dependable. That's why they've become a favorite with resort owners and anyone

who appreciates real value.

The Kodiaks have heavy gauge aluminum Tuff-Weld® hulls and welded keels. The corner seats in the stern give you plenty of room to move around the engine. The

Kodiak 18 model also features a non-skid vinyl floor, bow storage and extra room in the cockpit to stow other gear. They also give you the option of adding console steering right from the factory. Naturally Kodiaks are covered with our industry-leading 20 year warranty¹. The sharp Kodiak graphics give you a look that makes

20-YEAR
