

2019 PONTOON CATALOG

PUT RELAXATION FRONT AND CENTER

At Crestliner, we've expanded our range of pontoons so there are more ways to take to the water in comfort and style. From the refined performance of the Rally DX, to the versatile Sprint series, there's always a perfect boat ready to bring everyone together for generations to come. The expert craftsmanship and durability of Crestliner is evident from bow to stern in every pontoon we build, and it's what you should expect from our 70+ years of boat building experience. Crestliner pontoons give fishing with friends and relaxing with family a whole new life, every time you take the helm.

FIND RECREATION IN EVERY FAMILY

THE CRESTLINER. ADVANTAGE FORGED WITH STRENGTH. DEFINED BY DURABILITY.

We only use top-of-the-line materials and advanced construction methods to build our pontoons, separating Crestliner from the rest of the pack. Our commitment to craftsmanship ensures every Crestliner pontoon is built with a singular purpose: improving every moment spent on the water.

Every boat starts with a solid foundation built from high-grade sheets of aluminum that are rolled into durable pontoon tubes. To add structural and torsional strength, riser brackets and a crossmember system are welded to each tube, creating a strong and durable sub-structure. The result of this engineering is a stable, confident and comfortable ride a signature Crestliner advantage.

1 REINFORCED PONTOON TUBES

Each pontoon's tube chambers overlap and are locked together with a fully-welded seam that creates a rocksolid bond. Baffles are welded into each chamber for added strength and a tighter seal. In the event of a puncture, the sealed chambers keep the pontoon afloat.

2 TORSION CONTROL RISER BRACKET

The Rally series features a unique concave design on its torsion control riser brackets. This allows the brackets to absorb the impact of waves and rough water while reducing stress on the tubes and deck, ensuring a durable connection point.

3 OPTIMIZED CROSSMEMBER DESIGN

The crossmembers are optimally spaced on the riser brackets to provide calculated support on weight-bearing loads where it's needed. Adhesive sealing tape is applied on top of every crossmember creating a cushion and acting as an insulator from waves or rough water.

Not all processes, features and statements apply to every Crestliner pontoon model.

Torsion Control **Riser Brackets**

ENDURING QUALITY

At Crestliner, integrity and passion drives every decision, from the builders who make the pontoons to the owners who use them. We take pride in our generations of engineering innovation-designing pontoons that last generations too.

MARINE-GRADE DECK

The marine-grade deck is secured to crossmembers using Tek® screws. Unlike bolts that can stretch and loosen over time. Tek screws create a solid and secure deck. Urethane sealant is used on wood seams to prevent water penetration.

RUB RAIL SYSTEM

The crossmembers extend near the rub rail providing additional support in case of impact. The rub rail system will take the abuse of impact, helping protect the structural integrity of the deck.

PREMIUM FEATURES

Every Crestliner Pontoon comes standard with a featurerich helm, ample storage and a wide array of comfortable seating options for your guests. With the ability to upgrade features including audio, seating and flooring, you'll always ride in style.

LIMITED LIFETIME WARRANTY

Receive a limited lifetime warranty on pontoon tubes, crossmembers, decking, motor mount and fence rails. Plus, a 5-year bow-to-stern warranty on virtually everything else. It only gets better from there: Crestliner's warranty transfers to future owners. (See warranty for details)

THREE TUBES TO UPGRADE YOUR PERFORMANCE.

V3 ACTION PACKAGE* Available on Rally DX / Rally Only

The V3 Action Package takes pontoon performance to the next level with a third tube for increased speed and watersports opportunities while adding V-hull stability. This full-length center tube adds buoyancy and rigidity, allowing you to add a larger horsepower motor, increase passenger capacity, and give you greater control in rough water. Additionally, the V3 Action Package adds full-length lifting strakes to all three tubes for faster, smoother planing.

Reinforced Nose Cone for Rough Water Full-Length Lifting Strakes Full Aluminum Underdeck Skin

GPS-Driven Speedometer (standard on Rally DX models)

Increased Fuel Capacity

V3 SKI PACKAGE* Available on Rally DX / Rally Only The V3 Ski Package delivers on all of the performance features of the V3 Action package, adding the stainless steel ski tow bar and massive in-floor storage for skis and boards.

*Available with 25" or 27" diameter pontoon tubes

240 | 220 | 200 **RALLY DX** MAXIMUM COMFORT AND PERFORMANCE

Rally DX puts refined performance at the center of your experience. With plush pillow top furniture, seating for up to 16, a deluxe finish and chrome accents, it's easy to see what makes these boats exceptional. With three lengths and five configurations, the perfect pontoon is within reach. Fishing, skiing or cruising, the Rally DX is made to elevate every day on the water.

KEY FEATURES

PILLOW TOP CHAISE LOUNGE FURNITURE Plush, pillow top chaise lounges with storage below offer great comfort, style and versatility for every layout. (Not available on FS floorplan)

PREMIUM HELM STATION The console's sleek design is packed with features lit rocker switches, space for 7" electronics, premium aluminum polished steering wheel with tilt steering, and much more.

240 Rally DX Center Walkthrough Dual Heim (CWDH)

PILLOW TOP HIGHBACK RECLINING HELM CHAIR

Reclining pillow top highback helm chair provides maximum versatility and comfort. Includes swivel base, slider and armrests.

TELESCOPING LADDER Telescoping stainless steel four-step ladder provides extra support for getting in and out of the water.

ENJOY THE WATER A NEW WAY

Our Rally pontoons are designed to deliver the ideal combination of performance and relaxation for fishing, skiing and cruising. With three lengths and five layout options, you can create the perfect pontoon to suit your family and friends. The Rally series comes with seating options for up to 16 people, so whatever you do on the water, you'll do it in comfort and style, surrounded by those closest to you.

KEY FEATURES

FISH STATION

Fully featured fishing station includes a 15-gallon livewell with light and pump, washdown system, throw tray, tool holder and two drink holders.

HELM STATION

Integrated helm station includes lit rocker switches, three drink holders, 12V power outlet, fuel, tachometer and trim gauges, aluminum polished steering wheel, throw tray, windscreen and additional storage below. (Shown with optional locator)

STERN CHAISE LOUNGE FURNITURE Chaise lounges with storage below offer great comfort and versatility. (Not available on the FC and FS floorplans)

LOWBACK HELM CHAIR Cruise in comfort with the lowback helm chair. Comes standard with swivel base, slider and armrests.

200 | 180 | 160 SPRINT VALUE FROM EVERY ANGLE

The Sprint pontoon is ideal for boaters looking for value without compromising versatility. The Sprint features three lengths, two configurations and seats up to 11 on comfortable lounge furniture, so you can bring family and friends along for the ride. So drop a line. Soak up some rays. The Sprint delivers exactly what you're looking for, every time you take the helm.

KEY FEATURES

BOW LOUNGE FURNITURE

Perfect for relaxing in the sun or drying off after a refreshing swim, the bow lounge furniture comes with drink holders and below-seat storage. (CS Only)

DELUXE SEAT

Ride in comfort with Deluxe helm and passenger seats complete with swivel base and fold-down back. In addition, the FC floorplan adds two more in the bow so you can drop a line from every angle.

15-GALLON LIVEWELL Conveniently located in front of the console, the bow 15-gallon livewell is aerated to keep your catch fresh. (FC Only)

HELM STATION

A modern helm station provides quick access to storage and conveniently located rocker switches. Easy-to-read gauges and room to mount electronics. (Shown with optional locator)
