

CRESTLINER

2024 CRESTLINER PRODUCT GUIDE

BUILT FOR THIS

We launch before dawn and coast into a mirror-still cove full of standing timber. Casting suspending jerkbaits produces a bounty of walleye and a few feisty bass. As afternoon arrives, the temperature rises and we anchor for a swim, the kids' laughter bouncing off the rocky shoreline, the whole lake alive around us. This is our life. This is what we live for. So if you're looking for us, you'll find us on the water.

17 CONSECUTIVE CSI AWARDS

LIMITED LIFETIME WARRANTY

Protect every purchase with a limited lifetime warranty on mainseam welds, a three-year bow-to-stern warranty on virtually everything else and the ability to transfer warranties to future owners. (See warranty for details. Warranty differs on CR Jon boats.)

FORGED WITH STRENGTH. DEFINED BY DURABILITY.

The heart of every Crestliner boat is built with premium materials by skilled craftsmen to deliver durable, long-lasting performance that carries your family from one season to the next with peace of mind.

1 LEGENDARY FOUR X HULL

Four sheets of premium-grade aluminum and a meticulous welding process create our legendary one-piece Four X Hull. The smooth, flawless design slices through water and big waves with minimal drag.

2 INTERLOCKING TONGUE-AND-GROOVE CONSTRUCTION

A unique interlocking tongue-and-groove construction and an advanced continuous-seam welding process create a one-piece bonded Hull for unmatched strength and durability.

3 EXTRUDED FULL-LENGTH KEEL

A thick extruded full-length keel from bow to stern withstands punishment and provides maximum strength, durability and control at any speed.

SUPERIOR STRUCTURAL INTEGRITY

An intricate stringer foundation supports every inch of the boat, ensuring a safe, smooth ride.

DOUBLE-WELDED, WOOD-FREE TRANSOM

The transom of a boat is subject to tremendous force and needs to harness powerful engine torque. That's why our transoms feature a double-welded design inside and out and wood-free composite construction.

WORK-HARDENED SIDEWALLS

Adds strength and rigidity

REVERSE CHINE DESIGN

Forces water down for a drier ride

VARIABLE-DEGREE DEADRISE

Allows for quick planing and unmatched stability

DEEP-V

A photograph of a white Crestliner Deep-V boat on a lake. A man in a white shirt and blue jeans stands on the boat, holding a fishing rod. The boat is moving, creating a large splash of water. The background shows a line of trees under a blue sky with clouds. The bottom half of the image is a green-tinted underwater view showing a fish swimming.

PERFECT FISHING & ENDLESS FUN

Whether you fish big water for trophy walleyes or just love to relax and play with the family, Crestliner has a Deep-V boat for you. Between rock-solid, all-welded aluminum hulls with precision keels and smooth, dry performance in the chop, our Deep-V boats will get you to the fish—or swimming spot—and keep you comfortable along the way.

THE LATEST IN DEEP-V HULL INNOVATION.

Our revolutionary Active Performance (AP-X) Hull delivers instant lift, enhanced driving responsiveness, accelerated holeshots and exceptional control. And it's unlike anything you've experienced before.

1 HIGH-PERFORMANCE HANDLING

The AP-X Hull's dual tracking edges deliver maximum control while cornering and improved tracking while trolling.

2 GRAB THE HOLESHOT

Engineered with a recessed pad design for instant lift and an accelerated holeshot, the AP-X Hull gives you incredible speed and control.

3 MAXIMIZE ENGINE PERFORMANCE

The breakthrough AP-X Hull design channels water so the prop is fed a continuous flow of undisturbed water for maximum engine performance.

4 A CRESTLINER-EXCLUSIVE DESIGN

The AP-X Hull is available exclusively on limited models: 1950 and 1850 Sportfish, 1850 and 1750 Super Hawk, 1850 and 1750 Fish Hawk, and 1850 Raptor.

PROVEN TECHNOLOGY

Crestliner's Active Performance AP-X Hull has won a Boating Industry Top Product award, which recognizes "the marine industry's best new and innovative products."

HAWK

BORN FOR THE WATER

The perfect entry point into the Hawk Family, the Hawk is built on our legendary all-welded hull, with fishing and family features that will fill every day on the water with incredible memories. With standard jump seats, massive tackle and gear storage, and a deep, secure cockpit, the Hawk will keep smiles on faces and fish in livewells for years to come.

MOD-V

YOUR STORY STARTS HERE

Crestliner Mod-V boats are built tough to fish hard, whether you're a serious bass tournament angler or a weekend warrior. They feature precision, all-welded hulls that provide speed and stability along with a low profile, massive deck space and tackle storage that let you fish at the high level you require.

MX

TOURNAMENT-TESTED TOUGHNESS

The same hours you've poured into fine-tuning your bass game are the same hours we poured into engineering the MX 21 and MX 19. This fishing boat family is spacious. Functional. Tough. It gives you 150-250 horsepower and top-level performance with a lightning-fast pad hull—because you won't settle for less than professional grade.

CRESTLINER®

BUILD YOUR OWN BOAT.

Not all processes, features and statements apply to every Crestliner boat model. All prices and specifications subject to change.

Crestliner reserves the right to discontinue models or change prices, specifications, materials, equipment, color or design at any time without notice and without incurring obligations. Some models are shown with optional features and equipment. Outboard model weights shown in this catalog reflect the approximate weight of the boat only, and do not include weights of the outboard motor or accessories installed. All boats meet or exceed United States Coast Guard regulations, applicable American Boat and Yacht Council standards and are certified by the National Marine Manufacturers Association. Our proven construction and its durability allow us to offer you one of the best warranties in the industry. Crestliner was the first of all aluminum boat manufacturers to offer a limited LIFETIME hull warranty to the original owner. All main seam welds are covered. Interior support construction carries a limited 10-year warranty. Plus, you get a limited 3-year bow-to-stern warranty on virtually everything else. It gets better... Crestliner's warranty is transferable! When it's time to upgrade to a new Crestliner, you have the option to transfer the warranty to the second owner. (Limited Lifetime warranty differs for CR Jon boats.) Some restrictions apply. For complete details, a copy of our limited warranty is attached to each new boat or may be obtained from your Crestliner dealer or downloaded from crestliner.com. Many boats featured in this catalog are shown with available options. See your dealer for details. Every effort was made to ensure that this information was accurate at the time of printing. Crestliner assumes no responsibility for errors in type, in print or in photos. Please follow the rules of safe boating, be courteous to others and respect the marine environment. Special thanks to NMMA®, Onyx®, Mercury Marine®, Power-Pole®, and Ruttger's Bay Lake Resort.
